

Small Adjustable Shelf Support

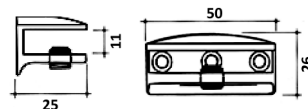

Manufactured from a strong zinc/ alloy, this clamp is suitable for shelving from 4mm to 24mm thick.

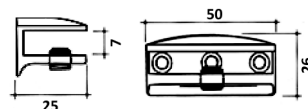

1mm x 5mm diameter hole in the back of the clamp makes for simple fixing to walls, the hole is elongated for easy vertical alignment.

Half Moon Shelf Supports

Half Moon 6

Half Moon 10

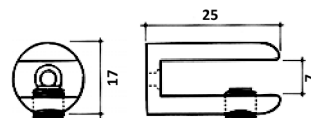

Suitable for shelving 4mm to 10mm thick.

3mm x 4mm diameter holes allow for strong fixing to walls, a small lip under the bracket gives extra support to reduce the risk of shelves "sagging". A grub screw from underneath secures shelving into the bracket.

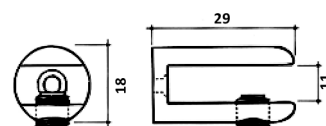

Code	Description	Price
